## Choosing the Right Medicare Coverage

**Choosing the right Medicare Coverage is an important decision. There's not a one-size-fits-all situation because everyone has different needs and budgets.**

### **Ask yourself these questions to make the right choice.**

- How is your health?
- Are you currently being treated for any chronic conditions?
- Do you take prescription drugs regularly?
- What doctors do you regularly see?
- What hospital or hospitals do you use?
- How much do you travel?
- How much did you spend on medical care last year?
- How does the cost of health insurance fit into your budget?
- Do you prefer to pay a higher monthly premium in exchange for no or low out-of-pocket costs or pay a low monthly premium in exchange for higher out-of-pocket costs?

To further assist you, we have designed a Personal Information Sheet. This information, coupled with the answers to your questions, will help determine the right type of Medicare coverage for you. It will also identify necessary benefits, out-of-pocket expense and costs to meet your personal health care needs and budget.
